

Dear Friend of Midtown International School,

On Saturday, April 25th, MIS will be hosting its annual Casino & Trivia Night to benefit the students and programs at MIS. This fundraiser is expected to draw over 250 parents and community members. The event will be held at 1789 the Bridge.

Midtown International School is a K-12 school that serves gifted and academically superior students who thrive in small class environments. The globally-minded curriculum and problem-based instruction create a community of engaged global leaders dedicated to the values of respect, responsibility, citizenship, and justice.

This year, in addition to the games and trivia, we are adding both silent and live auction components to the event. Having a donation from your business will help elevate the auction and raise much needed funds for MIS students programs, and events. We have enclosed a donor form for your convenience. It should be completed and returned by no later than April 1st in order to be included in the auction booklet.

In exchange for your generous donation, your business will be acknowledged in all Casino & Trivia Night event promotions, including social media, newsletters, and in-house media screens. There will also be signage at the event with donor names and/or logos.

Thank you in advance for giving this donation opportunity serious consideration. We truly appreciate your support of MIS and look forward to hearing from you soon. If you have any questions, please feel free to email us at auction@midtowninternationalschool.com

Sincerely,

Lynn Thatcher & Jason Levister
